JULY 4TH CELEBRATION IN CITY

ALL DAY PICNIC NATIONAL HALL SUNDAY

CANDIDATE SPEAKINGS TO FEATURE PROGRAM HERE

National Hall, a widely celebrated community entertainment center and scene of many gatherings in the past will be the meeting place on Sunday, June 24 by thousands who plan to enjoy the hospitality of the Bohemian people of this city and section.

An all day picnic has been announced with speakings by candidates to feature the program for the day. It was believed a number of state candidates would be here to speak, with at least two candidates for governor either attending in person or their representatives.

Dinner will be served and a small admission charge will be made for the plate which will be arranged in the characteristic style of the people who have established this community center.

The picnic will draw thousands from all sections of the county and Central Texas.

The official program will open at 11 a. m. with a band concert. At noon the plate lunch will be served with plenty of barbecued chicken and beef at 25c.

The speaking program which will be a big feature of the program is scheduled to begin at 1:30 in the afternoon.

Plenty of ice water and refreshments will be served on the grounds. At night a big dance will be given and everybody is invited.

The people of the National Hall extend to all a cordial invitation to meet here Sunday for an all day picnic and celebration.

"VIVA VILLA" COMES TO CAMERON THEATRE

"Viva Villa!" Metro-Goldwyn-Mayer's spectacular story which plays at the Cameron Theatre July 17 and 18 is generally classed among the great screen masterpieces of all time.

Filmed largely in Mexico, with Wallace Beery as the star and with an exceptional supporting cast, "Viva Villa!" has emerged as one of the truly great productions of recent years.

More than 100,000 Mexican natives were used during production, as many as 6,000 appearing on the screen at one time.

Months were spent by the stars in the remote interior of Mexico, their only means of communication with the outside world being by airplane.

Its battle scenes, including the storming and capture of Mexican cities which were in newspaper headlines during the dozen years of Villa's turbulent reign, have been classed with the unforgettable march of the Clansmen in "The Birth of a Nation," with the chariot race in "The Ten Commandments" and with the Oklahoma land rush in "Cimarron" as soul stirring spectacles.

Added to its lavishness is a fictional romantic story which runs through the photoplay, presenting Beery for the first time in many years as a lover.

With Beery in the notable cast appear Leo Carrillo, Fay Wray, Donald Cook, Stuart Erwin, George E. Stone, Joseph Schildkraut, Katherine De Mille, Phillip Cooper, Frank Puglia, Henry B. Walthall, David Durand, Francis X. Bushman, Jr., Adrian Rosley and Henry Armetta. The picture was directed by Jack Conway.

CANDIDATES TO SPEAK AT MAYSFIELD TUESDAY

Candidates for public offices in Milam County will speak at Maysfield on Tuesday night June 26th.

The candidates Friday night June 22 go to Gay Hill where a barbecue and baseball game is being arranged for in the afternoon. The citizens of that community plan a big reception for the candidates at night.

Tuesday night June 21 the candidates speak at Yarrellton where the communities of North Elm, Marak and Yarrellton are invited to combine in one big rally for that section.

Big Film Attractions Booked For Cameron

Two major screen productions for 1934 have been booked for the Cameron Theatre by Mr. Swift.

They are: "The Thin Man," featuring William Powell and Myrna Loy, a baffling detective story so popular with theatre goers now. This picture comes on July 3 and 4. The other picture is "Tarzan" for July 8 and 9.

"Viva Villa," featuring Wallace Beery is booked for July 17 and 18.

Further details concerning these bookings will be carried next week.

FATHER APEL IN NEW YORK

Well, folks, here we is. Leaving Milano on Thursday, June 14 and arriving at Valley Junction; when the train stopped I said to the conductor "Now listen to my misfortune. I forgot my pipe, so I cannot smoke." "Well, too bad," the conductor said, "but we cannot go back to Milano to get it for you." So the train did not go back to accommodate me.

At St. Louis a friend met me believing I would stay a couple of days but nothing doing. The train pulled out on the minute and arrived in

Returns

SEN. TOM CONNALLY

Homefolks of United States Senator Tom Connally will welcome him back to Marlin Friday night. The Senator plans after a brief rest to begin his speaking campaign for the Senate. He is being opposed by Senator Bailey.

NEGROES BARRED FROM DEMOCRATIC PRIMARY

Negroes will not be permitted to vote in the Democratic Primary Elections in Milam county. Instructions will go forward to election managers that they have been barred from the poll's by official action of the Democratic Executive Committee in session at the court house in Cameron Monday afternoon.

A recent amendment to the primary laws permits each executive committee in the state to prescribe qualifications. This action was taken by the last legislature when it became apparent that under a U. S. Supreme Court decision the state could not bar negroes. The effect of the amended law is to permit the matter a settlement within the party.

The meeting on Monday afternoon

ST MICHAEL'S PARISH TO ENTERTAIN SUNDAY

People of the Parish of St. Michael in Burlington will serve a sausage and chicken supper Sunday June 24 beginning at 5 p. m.

In the afternoon a baseball game and other entertainment features will be on the program for the people. The supper will begin to be served at 5 p. m. and last until all have had an opportunity to eat.

The committee in charge of the arrangements has announced that it will not have a plate supper, but an old fashioned supper with a large variety of delicious foods and the charge will be 20c and 35c. Everybody is cordially invited to attend.

This supper is an annual affair at the parish and the people of this section look forward to it each year. Such hospitality is seldom enjoyed and a large crowd is expected for the supper and entertainment.

NEW GROCERY TO OPEN FOR BUSINESS SATURDAY

Joseph Matula will open his new modern grocery store at 9 a. m. Saturday in the J. P. Werner building in Santa Fe Town. In this issue will be found an opening announcement quoting special prices for that day.

Mr. Matula invites the people to attend the opening sale at this new store. This week the building and stock are being placed in readiness for the opening. The building has been cleaned and repainted and the grocery stock will be new and fresh. Big food bargains are offered for the opening day and the store, selling for cash, will at all times give the people the advantage of low prices.

Of interest to many in this section is the announcement that Felix Matula, former grocer merchant here, will be employed at this store. He has many friends who will be glad to know he is to be with Mr. Joseph Matula.

The new store will open a new business enterprise for Cameron and will be a strong, progressive store.

S W. LAW RESIGNS AS CEMETERY MANAGER

S. W. Law has resigned as treasurer-manager of Oak Hill Cemetery Association after having served for sixteen years, for the major portion of which time he served without compensation. His services have been more than satisfactory and the Association takes this opportunity to express its deep and sincere appreciation of the untiring faithfulness with which he has attended to the affairs of the Cemetery.

In his administration the Association has done many commendable things not the least of which was to pay off a debt of some six thousand dollars and now has a cash balance on hand with which to carry on this very essential work of caring for those who have passed on.

Mr. Law has wisely conserved the resources of the Association. He has always been on the job and devoted much of his time and effort to the upbuilding, maintenance and improvement of our beautiful cemetery. Too much credit can not be given to Mr. Law individually and in his official capacity for this very worth while work. It is with regret that the association has accepted his resignation and we will need to call on him from time to time for advice and assistance in carrying on the program of the Association.

Witt Lays Down Formula For State Ills in Talk Here

Edgar Witt of Waco, former Senator from the 13th district and now lieutenant governor, brought his campaign for the governorship to Milam county Wednesday night in a straight forward discussion of plans he has for the relief of Texas tax payers.

Jack Lewis, former Criminal District Attorney, introduced Governor Witt. He pointed to the record of the candidate and pointed out that his candidacy represents an opportunity for the people of Texas to bring about an end to political strife and at the same time get a man in the governor's office who can and will render a worthwhile service. Mr. Lewis said that Governor Witt is equipped for the office and is the only man so situated that he can bring order out of chaos and elevate the office to a dedication of service and relief.

Governor Witt was especially proud to have the words of his friend. Roy Law, tax collector, opened the meeting and presented Mr. Lewis who introduced the candidate.

A crowd estimated at approximately 700 heard Governor Witt who laid out in detail what he proposes to do to serve the people of Texas. He discussed at length his program to cut expenses of the government and pointed to his undeniably good record in office as proof of the service he rendered both as a Senator and in the office of Lieutenant Governor.

Governor Witt has an organized effort for his candidacy here, representing a number of leaders as well as many voters who know and appreciate him.

The Municipal band gave a concert prior to the speaking. The address was received with acclaim by his supporters and is regarded as a sincere program for Texas.

With the candidate were Mrs. Witt, Col. and Mrs. W. C. Torrence of Waco, a former soldier with Dr. John L. Denson in France.

FORD CAR PRICES ARE REDUCED JUNE 15TH

Reductions of $10 to $15 in list prices of 1934 Ford V-8 passenger cars and $10 to $20 in list prices of Ford V-8 commercial cars and trucks were announced last week by Hefley-Stedman Motor Company effective Fri- June 15.

Ford prices had remained unchanged since the introduction of the 1934 Ford V-8 last December, the Ford Motor Company not having participated in the recent general automotive price increase. The reductions announced are, therefore, a decrease in the original prices.

The price reduction on the standard and de luxe Tudor Sedans, the most popular individual models in point of sales, is $15. Prices of other

Church of Christ To Begin Meeting Sunday

Church of Christ in Cameron will begin a revival meeting here on Sunday June 24.

W. J. Butler of Austin, minister, will preach for the series of meetings. Mr. Butler is a good speaker and a thorough Bible student and the people are cordially invited to hear him during this meeting.

John W. Haygood will lead the song service during the meeting. Services during the week days will be held in the evenings at 8 o'clock. On Sunday morning a service will be held at 11 o'clock. The people are invited.

W. B. A. CONVENTION IN CAMERON THURSDAY

Woman's Benefit Association was holding a convention in Cameron Thursday under direction of state officials.

The convention was being held in the club rooms of the Business & Professional Women's Club and was an all day rally.

Mrs. Sallie D. Botzler of Dallas, state field director and Mrs. Florence Dickinson of Waco, district deputy, were among the leaders present.

It was expected early today that more than a hundred would be in attendance. A memorial program was given in the afternoon with local people taking part. A noon lunch was served.

SKEEZIX TO WELCOME PEOPLE OF CENTRAL TEXAS

Celebration of July 4th in Cameron has been announced by Skeezix, popular center for community and Central Texas wide entertainments.

Placards announcing the monster celebration are now being distributed over a wide area in Central Texas and the owners at Skeezix, Ed Balhorn and Elwood Cammer, extend to the people of this section a cordial invitation to attend the celebration here on July 4.

A feature of the celebration will be an old fashioned Free Barbecue at 6 p. m. In recent years there has been a tendency to revive the free barbecues of other days. Skeezix will make a supreme effort to reincarnate the spirit of the old July 4th barbecues.

The program will begin officially in the afternoon at two o'clock when the Cameron Municipal Band gives a concert in the grounds. At 2:30 Hon. J. D. Baskin will deliver the address of welcome.

At 2:40 Hon. Sam Scott will address the crowds in the interest of Edgar Witt for Governor.

At 4:30 p. m. an address will be delivered in the interest of James V. Allred for governor.

This will be followed by the free barbecue. At 7:30 the Big 4th dance will be given. Music will be furnished by Boots and his Buddies, a 14 piece orchestra now playing in Shadowland in San Antonio. They broadcast over WOAI daily.

There will be plenty of parking space, shade, ice water, free entertainment and other concessions.

BAILEY TO SPEAK IN CAMERON ON JULY 4TH

Joseph Weldon Bailey, Jr., candidate for United States Senator, will speak in Cameron on Tuesday night, July 4 at 8 p. m. on the court house Lawn.

Friends and supporters of Congressman Bailey are making all possible preparation for the candidate and plan that he will have a big reception from the voters of this county. Congressman Bailey won a signal victory in Milam county in 1932 when he was elected to Congress at Large from Texas.

Mr. Bailey is opposing Tom Connally of Marlin for the senate. A letter from Bill Kittrell, campaign manager for Congressman Bailey, announces the speaking date at Cameron.

Father Apel Sails Monday For Europe; Sends Message Back

The Editor of The Herald is in receipt of post card greetings from Father Geo. Apel of St. Monica's, who is now aboard steamer on the Atlantic for Europe. In the message The Rev. Father said:

"Greetings to you and all of my friends. We had a delightful trip. Arrived here on the minute. Was met by a friend who took care of us. Steamer for Europe leaves Monday night with 1500 passengers. If it gets too warm, go into the shade and cool off."

FROM THE MAIL BOX

The legislature for the last several years has enacted laws by which the taxes were shifted from property to the individuals. This was done by means of levy of the occupation tax, the gross receipt tax, the poll tax, the cigarette tax, the fur tax, the fish and oyster tax, the gasoline tax, the franchise tax, license fees, and other taxes by which property was exempt. This tax when collected all goes to Austin. None of it is kept in the counties where collected for county and city taxes.

The shifting of the taxes from property to individuals seems to be a fixed and determined plan. Each of the several sales tax bills introduced at the last legislature contained a clause to exempt all property from taxation for state purposes; and a campaign of propaganda is now on to have this exemption enacted into law at the next legislature; and some of the eight candidates for governor favor such exemption and so state in their printed platforms and in their public speeches.

The three great financial houses of New York and Philadelphia own all or nearly all of the Texas oil fields, the pipe lines, the refineries, and the filling stations. They own all or nearly all of the public utility plants, power, water, lights, gas, telephone, and telegraph. They own the sulphur and cement. This property is of value of at least a billion dollars.

Said exemptions will also exempt billions dollars of property from all taxes for state purposes. It will not be taxed to pay any part of the 100 million dollars spent every year at Austin.

Said exemptions wil lalso exempt all property of the wealthy people of Texas from taxation for state purposes, such as compresses, oil mills, saw mills, skyscrapers, railroads, interurbans, and other valuable property.

None of it will be taxed to pay any part of the 100 million dollars spent every year in Austin.

The exemption of all property of the wealthy in and out of Texas will be necessarily place this added tax burden on the Texas people—on the men and women, boys and girls who work in the clerical departments in the cities and towns, on the railroad and shop laborers, on the women who take in sewing and washing, and on all laborers in the cities and towns; on the people in the country, the farmers, the plow boys and the cotton pickers.

The candidates who favor the exemption of all property for state purposes offer instead a tax on intangible assets. In fact, a number of the other candidates for governor insist that a tax on intangible assets is the thing. They make intangible assets a scape goat on which all the sins, present and past, are to be heaped. Intangible property is property that cannot be seen, cannot be felt, cannot be tasted, and cannot be smelled; and is applied to the law of taxes, it should take on another meaning—property that cannot be found. An added tax on intangible assets will bring to the state very little revenue.

In my next article in the Herald I will show or attempt to show that this modern system of exempting property from taxation for state purposes and placing it on individuals is destructive to the business interest in the cities and towns; and that it is impossible for these various enterprises to continue to exist under that system.

THE CITIZENS NATIONAL BANK

There is no Substitute for Safety

HERE'S ONE
REASON
why long distance calls are *fast*

Within its own boundaries, this company, like each of the 24 Bell System associated companies, operates its own long distance system. But A. T. & T. trunk lines (*shown on map*) link these 24 separate systems into a nation-wide unit, over which skilled operators can send your voice almost with the speed of a local call to the remote reaches of the country.

Such nation-wide service would be virtually impossible without equipment built to the same designs and used in the same way . . . without operators trained in the same methods . . . without, in short, a nation-wide organization behind it.

How effectively A. T. & T. meets this need is shown by the fact that today 9 out of 10 long distance calls go through while you hold the line; by the constant pushing back of the frontiers of the voice until 92 per cent of the world's telephones are now within your reach; by four reductions in long distance rates, made voluntarily in recent years.

Here you may see the workings of a fundamental Bell System policy, adopted because we believe it to be a policy that works. In an organization planned like the telephone service for the long pull, we feel that what is best for the telephone user becomes in the end the course that will bring us the sounder, more certain success.

WINNERS OF BEDROOM CONTEST TELLS PLAN

By MRS. JOHN TIMMERMAN
Bethlehem Club
(Winner of First Place in Bedroom Improvement Contest)

"I am very proud of my room as it is today, as I had no actual expense in fixing it. I raised some chickens last fall from which I received $12 and the total cost of my room was only $10.93.

"My bedroom as it was before I remodeled it, was too dark because the sunlight was closed out by some dark curtains. The wall paper was a cream color with flowers on it and the furniture, especially the bed, was too large for the room. The ceiling was made of boards and had large cracks. The floor was uneven and the wardrobe was not convenient and large enough to store the clothes. The impression you received as you entered my room was that it was too dark and crowded.

I began my work by building a built in closet out of the wardrobe. I made shelves on each side of my closet out of old boards and painted them white. One of these shelves was made for shoes and I made shoe trees out of old tin staves, covering them. Between the shelves I placed a rod upon which to hang dresses, etc. Above the shelves I made a long shelf on which the sheets, pillow cases, towels and other bed linens were placed. Above this shelf and extending to the ceiling I built a closet to store quilts and blankets. Since this last closet door was too high to reach I made a small stool to be used in opening the door. I placed this stool under one of the other shelves. On the closet door by the shelves I made several pockets for socks, stockings, clothes brush, umbrella and flashlight, the light to be used in finding things in the shelves.

"To improve the ceiling I decided to paper it with cream colored paper so as to make the room appear lighter. The walls are covered with cream colored paper with no distinct design, but the green and pink colors are more noticeable.

I began improving my floors by planing it and filling the cracks with crack filler. Then the floor was ready for a coat of deck paint. To finish the floor I varnished over the painted surface.

"Next I began working on my bed. Since it was a large, old fashioned wood bed I took out two twelve-inch boards from the head end and lowered the foot six inches. I sandpapered it and then revarnished it. From the boards that I had left over from the bed I made a bookcase with four shelves. I revarnished it as I did the bed.

"I began working on my dresser by removing the brass drawer pulls and painting them with gold enamel. Then I refinished the dresser in the same manner as I did the bed. Before the dresser and bed I have hooked rugs made out of worn out clothing.

"I wanted a writing desk and finally thought of the fifty-year-old wash stand that was standing in the shed. This I took and made into a desk, taking the old paint off with lye and revarnishing it.

I needed a chair to place near my bookcase. This I made out a part of an old Ford coupe. I made the sides of the chair out of the foot end of a bed. I covered and upholstered this chair with cotton crash that helped carry out the color scheme. The chair to place in front of my writing desk, I revarnished and dressed with a slip cover and cushion.

The curtains are made out of a cream color cloth with pink and green dots to match the wall paper. They have three pink ruffles at the bottom and one pink ruffle over the top. The shades are a light cream to match the paper.

The scarfs on my dresser, bookcase and flower stand are made of white Indian Head with a border of pink print. The scarfs are made in this way so as to be easily laundered.

"I made a magazine rack out of an apple box and painted it to match the other furniture. This rack has two partitions; one for magazines and one for papers. I made a waste-paper basket out of a hatbox and covered it with the wall paper. My flower stand is made of an onion crate varnished.

"My paper weight I found in the form of a petrified rock which I chiseled to hold a pen and pencil. I painted this with gold enamel. I made some candleholders out of player-piano rolls, painting them with the same gold enamel.

"The room appears to be much larger, lighter and more comfortable than before improvement."

adopted a report of the chairman, J. B. White, and commended him for his service. A financial statement shows that uniformly low assessments have been given candidates. The budget in 1932 was underestimated and the committee carried over a deficit of approximately $75.

A new system of assessments was presented by the chairman which takes into consideration the earnings of the offices and reduced to an exact two and a half per cent for the two year period. Candidates for County Superintendent will pay $126 the highest because the election is for a four year period. Assessor and Collector of Taxes candidates will be $105 based on the earnings of the office. County Clerk pays the second highest assessment of $110 while the district attorney will pay $97.50.

Candidates for County Commissioner will pay $38.25 and for County Treasurer $37.50. Candidates for Sheriff will pay $59.68 and for county judge $63.48. Earnings for 1933 taken from the records of C. R. Isaacs, county auditor, are the basis for the figures.

Justice of the Peace and Constable candidates at Cameron will pay $10 and at Rockdale and Thorndale $5. In each of the remaining precincts the assessment is $3. Candidates for Public Weigher will pay $5.

Election managers were named. A sub-sommittee to award printing ballots and to receive bids for delivering election supplies will meet in the office of the chairman at Cameron Tuesday, June 26. The Committee is as follows: S. R. Baldridge, Bethlehem; H. C. Burke, Ad Hall; J. C. Wallace, Minerva; Roy, Yates, Maysfield and W. F. Sharpe, Davilla.

Resignation of Jim Baskin from the Committee was accepted and he was thanked for his co-operation and service.

The committee as usual adopted the majority system for declaring nominees and run off races will be held on the fourth Saturday in August.

On the primary ballot this year for the July election will appear around 100 names, including committeemen. It will be a large county and precinct ballot. The state ballot is reduced considerably from two years ago when there were 39 candidates for Congress at Large.

FATHER APEL

(Continued from page 1)

New York on the minute except here they have day light savings time, an hour's difference.

I found New York the same as 22 years ago. To see something of New York it is not necessary to take a taxi. Just go for a walk. So I stopped on one of the avenues and there was a large building. I stopped and looked up, counting the stories and windows. A cop behind me must have mistaken me. He said: "Walk on, you cannot stop here. "Well," I said, "I am from Texas," and the cop said: "Oh, well, that explains it." He looked at my feet. I told him the shoes were new and paid for. But walk on, he advised.

I told him that I was tired and he asked me to take a wheel chair, but I said in Texas we do not take things; we buy, because taking is equal to stealing. So I walked on and at the corner the cop called me back and said: Do you not see the red light?" I replied: "Why sure I do, but I thought it was a drug store to get a soda." Now the green light came on so I could go on.

On the next corner there was another cop and I asked him different questions and he was very polite. So finallly I asked him: "What stands on the first house over there on the corner?" He said: "That is an insurance building?" Oh, well, I thought on that first house is a second house standing, that is what we say in Texas. "Oh," he said, "I thought you were from Arkansas."

I asked the cop if he could direct me to my hotel and he asked me what name. I did not remember, but told him it was on the left hand side. He said "Well, is it up or down the street? If it is up, you will find it on that side, but if it is down you will find it on the other side. So I said I would have to go back. "No," he said, "just turn around and go ahead." So there we is.

LIBERTY

The crops are badly in need of rain. If we do not get a rain soon the corn will be ruined.

There was a good crowd out for Sunday school. Rev. G. B. McLane preached to a large crowd Sunday afternoon.

There was a gathering at Mr. A. J. Gunnel's home Monday night in honor of several friends that hadn't met in 39 years.. Those present were Mr. and Mrs. A. C. Cotton, Rockdale, Mr. Jack Cotton, Overton; Buddie Cotton from Rockdale, Dr. Newton and son, George, Cameron, Mr. and Mrs. T. P. Gunnels from Hanover, Mr. and Mrs. D. C. Gunnels, Mr. and Mrs. Carl Holly, Mrs. Geo. Brisbin and children all of Liberty. They were entertained with music and served refreshments.

AS YOU LIKE IT CLUB

Closing meeting for the season of the As You Like It Club was held Wednesday afternoon with Mrs. F. J. Beckerman at three o'clock.

Tea towels were passed and each lady was asked to embroider a spray on the towel, and when completed a novelty box was presented each guest along with the completed towel.

A delightful feature of the gathering was the presence of a former member, Mrs. W. M. Cobb of Mercedes who is visiting her many friends in Cameron. Others beside club members were Mrs. J. C. Martin and Mrs. James Baskin.

The hostess served a dainty salad plate with ice cream.

Feels a Lot Better When Black-Draught Relieves Constipation

From many states come reports like the following from Mr. W. M. Henderson, of Jasper, Fla: "I have been taking Thedford's Black-Draught twenty years. I take it for constipation that gives me a dull, tired, aching feeling, and I have headache, too. Black-Draught relieves me of this trouble. After a few doses, I feel as good as new. I keep it in my home. I have a big family. When one of us is ailing (from constipation), we take Black-Draught and almost always feel a lot better. It has been worth its weight in gold to my family." . . . Sold in 25¢ packages. "Children like the Syrup."

Plan For Tagging Cotton

The Farm Administration announced machinery by which old cotton now on hand on farms and elsewhere may be tagged to insure exemption from taxation under the Bankhead Production Control Act.

Any person who has any bale or bales of cotton in his immediate possession, custody or control (whether he be the owner thereof or not) may make application for an appropriate number of bale tags sufficient to place one bale tag on each bale of such cotton (whether square or round bale). The act requires that the application for such bale tags be made not later than June 15. Such application shall be in writing and shall be dated and signed by the applicant and shall state the number of bales of old cotton in the hands of the applicant on the date of application and that such cotton was harvested and ginned prior to June 1, 1934 and show the location of such cotton on the date of application and shall represent that such bale or bales are under the act exempt from the tax on ginning levied and assessed by the act and shall request a number of bale tags (equal to such number of bales) to be affixed to such bales.

The Internal Revenue Bureau has extended to July 1st the last date on which untagged cotton may be transported, sold, purchased, or opened, except cotton stored at consuming establishments which is not to be removed prior to manufacture.

Application forms for bale tags may be secured at the County Agent's office in Cameron.

Geo. Banzhaf, County Agent.

The hostess served a salad course with ice drink. Mrs. William Mennis of Wichita Falls was out of town guest.

Lady Went Back To Taking CARDUI and Was Helped

For severe periodic pains, cramps or nervousness, try Cardui which so many women have praised, for over fifty years. Mrs. Dora Dungan, of Science Hill, Ky., writes: "Several years ago, when I was teaching school, I got run-down and suffered intensely during menstruation periods. I took Cardui and was all right again. After I was married, when I felt all run-down and was irregular, I always resorted to Cardui and was helped." . . . It may be just what you need. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Lady Says She Took CARDUI for Cramps; Was Soon Relieved

Women who suffer as she did will be interested in the experience of Mrs. Maude Crafton, of Belleville, Ill., who writes: "For several years, I suffered from irregular trouble and cramping. There would be days when I would have to stay in bed. I would get so nervous, I was miserable. My aunt told me to try Cardui. She believed it would build me up, regulate me and help the nervous trouble. I knew after taking half a bottle of Cardui that I was better. I kept on taking Cardui and found it was doing me a world of good. I am in good health, which means a lot to me." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. . . . Price $1.

FROM THE MAIL BOX

The legislature for the last several years has enacted laws by which the taxes were shifted from property to the individuals. This was done by means of levy of the occupation tax, the gross receipt tax, the poll tax, the cigarette tax, the fur tax, the fish and oyster tax, the gasoline tax, the franchise tax, license fees, and other taxes by which property was exempt. This tax when collected all goes to Austin. None of it is kept in the counties where collected for county and city taxes.

The shifting of the taxes from property to individuals seems to be a fixed and determined plan. Each of the several sales tax bills introduced at the last legislature contained a clause to exempt all property from taxation for state purposes; and a campaign of propaganda is now on to have this exemption enacted into law at the next legislature; and some of the eight candidates for governor favor such exemption and so state in their printed platforms and in their public speeches.

The three great financial houses of New York and Philadelphia own all or nearly all of the Texas oil fields, the pipe lines, the refineries, and the filling stations. They own all or nearly all of the public utility plants, power, water, lights, gas, telephone, and telegraph. They own the sulphur and cement. This property is of value of at least a billion dollars.

Said exemptions will also exempt billions dollars of property from all taxes for state purposes. It will not be taxed to pay any part of the 100 million dollars spent every year at Austin.

Said exemptions wil lalso exempt all property of the wealthy people of Texas from taxation for state purposes, such as compresses, oil mills, saw mills, skyscrapers, railroads, interurbans, and other valuable property.

None of it will be taxed to pay any part of the 100 million dollars spent every year in Austin.

The exemption of all property of the wealthy in and out of Texas will be necessarily place this added tax burden on the Texas people—on the men and women, boys and girls who work in the clerical departments in the cities and towns, on the railroad and shop laborers, on the women who take in sewing and washing, and on all laborers in the cities and towns; on the people in the country, the farmers, the plow boys and the cotton pickers.

The candidates who favor the exemption of all property for state purposes offer instead a tax on intangible assets. In fact, a number of the other candidates for governor insist that a tax on intangible assets is the thing. They make intangible assets a scape goat on which all the sins, present and past, are to be heaped. Intangible property is property that cannot be seen, cannot be felt, cannot be tasted, and cannot be smelled; and is applied to the law of taxes, it should take on another meaning—property that cannot be found. An added tax on intangible assets will bring to the state very little revenue.

In my next article in the Herald I will show or attempt to show that this modern system of exempting property from taxation for state purposes and placing it on individuals is destructive to the business interest in the cities and towns; and that it is impossible for these various enterprises to continue to exist under that system.

THE CITIZENS NATIONAL BANK

There is no Substitute for Safety

HERE'S ONE
REASON
why long distance calls are *fast*

Within its own boundaries, this company, like each of the 24 Bell System associated companies, operates its own long distance system. But A. T. & T. trunk lines (*shown on map*) link these 24 separate systems into a nation-wide unit, over which skilled operators can send your voice almost with the speed of a local call to the remote reaches of the country.

Such nation-wide service would be virtually impossible without equipment built to the same designs and used in the same way . . . without operators trained in the same methods . . . without, in short, a nation-wide organization behind it.

How effectively A. T. & T. meets this need is shown by the fact that today 9 out of 10 long distance calls go through while you hold the line; by the constant pushing back of the frontiers of the voice until 92 per cent of the world's telephones are now within your reach; by four reductions in long distance rates, made voluntarily in recent years.

Here you may see the workings of a fundamental Bell System policy, adopted because we believe it to be a policy that works. In an organization planned like the telephone service for the long pull, we feel that what is best for the telephone user becomes in the end the course that will bring us the sounder, more certain success.

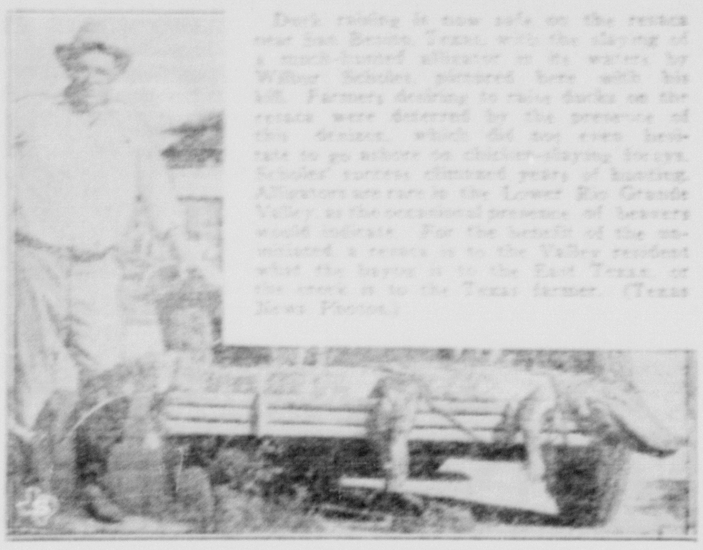
Duck Raising Safe After Death of Killer



Duck raising is now safe on the ranch near San Benito, Texas, with the slaying of a much-hunted alligator in its waters by Wilbur Scholes, pictured here with his kill. Farmers desiring to raise ducks on the ranch were deterred by the presence of this denizen, which did not even hesitate to go ashore on chicken-slaying forays. Scholes' success climaxed years of hunting. Alligators are rare in the Lower Rio Grande Valley as the occasional presence of beavers would indicate. For the benefit of the uninitiated, a reason is to the Valley resident what the bayou is to the East Texas, or the creek is to the Texas farmer. (Texas News Photos.)

Miss Alma Kleypas Becomes Bride of Mr. Owen Ernst In Church Ceremony Wednesday Morning At Westphalia

A wedding of much interest to many frends was the marriage of Miss Alma Kleypas to Owen Ernst, Wednesday morning, June 20th at 8 o'clock, Rev. O. A. Bauer, pastor of the church of the Visitation at Westphalia reading the double ring ceremony.

The bride was beautiful and is the daughter of Mr. and Mrs. Henry Kleypas of Westphalia. She was handsomely dressed in white sheer tripple crepe made in slendering lines floor length and wore a white veil in coronet design, white slippers and carried an arm bouquet of bride rosebuds and lace fern.

The bride's attendants were: Miss Lucille Frel who was attractively dressed in pale blue organdie, floor length, wore a large picture hat and carried an arm bouquet of white roses. Maid of honor, Miss Loretta Janek was pretty in pink organdie, ankle length, with large picture hat and carried bridal flowers. Little Misses Margo Kleypas and Romona Marburger were dainty and pretty flower girls, in pale yellow bercffled organdie dresses and carried decorated baskets filled with pink sweet peas.

Mike Kleypas was best man, and Leon Ernst was groomsman. The wedding music was given by Walter Kleypas, brother of the bride.

The bridegroom is the son of Mr. and Mrs. J. W. Ernst of Barclay and is a splendid young man and belongs to an old established family of Barclay.

A wedding breakfast was served at the home of the bride's parents after the wedding ceremony. The bride donned a pretty traveling suit for going away. Mr. and Mrs. Ernst left for a honeymoon trip to San Antonio and other interesting points, after which they will make their home in Barclay.

The Herald extends congratulations and best wishes for a happy married life.

The date has been set for a Revival meeting by the Methodist church to begin August 12. The Rev. Harry S. Allen of Denton one of the General evangelists of the Methodist church has been employed to do the preaching. Dr. Allen will be accompanied with his singer, and the services will be held in a tent. All denominations are invited to co-operate.

GAUSE

Octogenerian Rides Horse 500 Miles

Pictured here is Hiram G. Craig of Bonham, Texas, who completed recently a 500-mile horseback ride from Bonham to Cross Plains, Texas, to be at the bedside of his sister, who died just before his arrival. Much depressed because he failed to arrive in time to see his sister alive, he came to Cross Plains by automobile to the funeral, but returned to Coleman to finish his ride. Craig is 80 years old and refers to his ride as "The Last Roundup." (Texas News Photos.)

BIBLE SCHOOL CLOSED

A two weeks' Vacation Bible School at the Methodist Church closed Friday afternoon with a basket picnic at the City Park. Mrs. Roy Baskin was leader, assisted by a number of teachers and Sunday School workers.

Commencement exercises were held Sunday morning at the church followed with a short sermon by the pastor, Rev. Walter L. Cannan.

Owing to the prevailing sickness among the children, the attendance was not as large as heretofore.

DALLAS FRIENDS ENTERTAINED

A pretty event on the social calendar of Wednesday was the party given by Mrs. Winnie Wittliff at her home from five to seven o'clock in honor of visiting friends from Dallas. In 1925 Mrs. Wittliff and these friends organized a luncheon club. Some nine or ten of them motored to Cameron, Wednesday morning and Mrs. Wittliff entertained with a party that afternoon.

The home was pretty in summer flowers for decorations and many of her friends called to meet her guests. Among those to motor down were: Mesdames Frank Ayers, M. L. Barnett, E. P. Bennett, Z. K. Brinkerhoff, K. G. Hunt, C. S. Jackson, C. M. Reed, W. B. Russell, Jr., R. E. Yeager.

BAPTISH SUNDAY SCHOOL CAMPAIGN

The Baptist Churches of Milam County are joining together for an Enlargement and Enlistment program, beginning on June 24th and extending through July 1st. Ten churches have signified their intention of being a part of the campaign. Others will likely join. A big rally will be held in Cameron at 3:30 p. m. Sunday afternoon. Mr. Conwell Strickland of Waco is at the head of the campaign in the county. We are expecting fruitful results. The First Baptist church of Cameron will take a city wide census in preparation for its participation. Then, a study course will be conducted each evening during the week, the book being "The Functions of a Sunday School." Many will avail themselves of this splendid opportunity and will co-operate in a beautiful way.

James Byrd of Sharp is improving after having his tonsils removed in Cameron last Tuesday.

NEW TEACHER IS ADDED TO SCHOOL

A new teacher was added to the faculty of the Yoe High School through action of the Cameron School Board in session last Thursday afternoon. Miss La Nelle Love of Caldwell, who had been head of the English department of the Goliad school for the past three years, was named to this position. Miss Love will teach English and History classes, relieving the overburdened conditions now existing in those departments, according to board members.

This summer, Miss Love is a student at the University of Texas where she is working on her Master Degree.

Word received from Superintendent-elect E. A. Perrin of Goliad, recently, is to the effect that he and his family will move to Cameron on June 29th. They will be located in the Dr. A. S. Epperson cottage near the high school.

Rheumatic Pain Stopped by Lemon Juice Recipe

Try this. If it doesn't relieve you, make you feel better and younger and happier, your druggist will refund your money. Get a package of the REV PRESCRIPTION. Mix it with a quart of water, add the juice of 4 lemons and take a tablespoonful two times a day. In 48 hours, usually, the pain is gone, joints limber up, wonderful glorious relief is felt. Equally good for rheumatism, or neuritis pain. Costs only a few cents a day. For sale, recommended and guaranteed by all leading druggists. Any druggist will get the REV PRESCRIPTION if you ask him to do so.

Jones Prairie Wins County Song Contest

Jones Prairie Club members are quite songsters as was revealed at the Home Demonstration Rally Day Friday June 15th. The Club won first place by singing "Just an Echo" in the sing-song contest.

Second place went to Bryant Station Club with Mrs. Kay Moore the only representative of her club to enter the contest. She sang "Tira Tombo."

Third place was awarded the San Gabriel Club who sang "America."

A prize of a recreational book will be awarded the first place winner by the County Council.

Congress of the United States
House of Representatives

TO THE VOTERS OF THE ELEVENTH CONGRESSIONAL DISTRICT:

I regret that as a result of Congress continuing in session, I will not be able to visit each community in the District before the Primary election in July and give you a detailed account of my labors as your representative. However, I am sure that I am doing in these troubled times as you would have me do, forget self interest and stay at my post of duty, for hypocritical Republicans in Congress, joined by a number of so-called Democrats camouflaging under such declarations as "we agree with the President on fundamentals and we are willing to aid him in bringing back prosperity" and with such statements on their lips straight way attempt by their votes to stab to death every measure he sponsors.

In Franklin Delano Roosevelt we have a President whose heart is in sympathy with all the people, and with him in command of the ship of state, with representatives as lieutenants who are willing to serve loyally in putting over his program of recovery, he will steer it out of the troubled waters in which it was left scuttled and sinking by the recent Republican administration, and anchor it safely in the blessed harbor of prosperity.

In this hour of danger I have stood loyally by our President, yielding my judgment to his when occasion demanded, for to destroy his prestige and the faith and confidence the people have in him in these dark and uncertain times would be, I fear, to destroy the country.

Such is my record, and if you approve it, I shall greatly appreciate your vote.

Sincerely,

O. H. CROSS.
